## Document Set

This document is part of a set of documents for certification to the UKRA MAP Bronze level. We advise looking on [ukra-map.org.uk](http://ukra-map.org.uk) to make sure you have the best and up to date information

## Retired

All versions prior to 1.0, including all test and beta versions are now retired.

## Introduction and use

On the following page is the form designed for recording activity during a MAP Bronze award process. You may make as many copies of this form as you like and distribute freely.

This document is only for recording the successful completion of the core or elective activity, the site RSO may require a separate flight card or other documentation at their discretion.

We recommend you keep a single copy for each certification attempt. Though feel free to photograph the document if you wish.

Note: we hope to have electronic copies of the MAP award process up and running soon.

## Evaluation Record

Please record the details on the form below. The following guidance may be helpful.

1. Please record details clearly, especially contact details
2. The UKRA number is not necessary, you do not have to record the number or indeed be a member of UKRA to assess or to be obtain the Bronze award
3. Ideally the same assessor performs all the tasks and the same day, but Core and elective may be assessed on different days and by different assessors.
4. When describing the tasks, you only need basic details, similar to that recorded on a UKRA flight card.
5. Only fields marked \* are mandatory prior to the completion of the award
6. It may well be best to let the flyer keep the form while it is being completed. If the assessor needs to keep a record then a camera phone picture is probably sufficient
7. Please report any issues or suggestions for improvement to the author via [enquiries@ukra.org.uk](mailto:enquiries@ukra.org.uk).
